Methodology for Online Payment Gateway

- We have integrated the online payment gateway on university website. The students can make payments through Debit card, Credit card for making the online payment apart from NEFT payments.
- We are using Atom Payment Gateway for Online Payments

The screenshot shows a 'Pay Now' form with the following fields: Full Name, Email ID, Mobile Number, and a 'Select Course' dropdown menu. The form is part of a website with a dark header containing links for HOME, ABOUT US, PROGRAMME, and EDUSPHE.

The screenshot shows the Atom Payment Gateway interface for a credit card payment. It includes a sidebar with payment methods (Credit Card, Debit Card, Debit Card with ATM PIN, Net Banking, UPI, Wallet). The main form has fields for Credit Card Number, Expiry Date (01/2020), CVV, Name On Card, and Bank Name. There are checkboxes for 'Save and Pay Later' and 'Mobile Number'. The 'Billing Details' section shows a mobile number and an email address. The total amount to be paid is ₹ 1011.50, with a breakdown of ₹996.00 for the amount and ₹15.50 for processing fees. The interface also displays various payment logos at the bottom.
